

...d. The first is, admit-
them to all the rights of Amer-
citizens among us; the second,
their assignment to territory within
the United States, there giving them
all the rights of citizens. Third,
menials, having no rights that white
men are bound to respect, but sub-
ject to all the obligations of white
citizens. As the third condition
specified is not advocated by any
Union man, we will say nothing about
it. As a choice between the first and
second conditions, we prefer the
second, as being nearer in accordance
with Christian principles and enlight-
ened statesmanship. It is the golden
rule, doing as we would be done
by, to give this people a home, a
country, a government, where they
can have their rights—where there
will be no antagonism of races. But
while we prefer the second condition
specified, if the Union party favors
partial or unlimited suffrage for the
negroes, leaving them to provide
homes wherever they can, we shall
go with the party, as there is no other
place for a loyal man to go. We
shall not be factious on this subject,
but will advocate colonization until
the Union party, by its conventions,
decides otherwise.

**RAILROAD MEETING AT RICH-
MOND.**

The citizens at Richmond held a
meeting on Tuesday evening, the 8th
inst., at the office of Geo. Holland,
Esq., to consult as to the best means
of securing the early completion of
the Cincinnati and Fort Wayne Rail-
road. A committee of three was
appointed to draft a petition and cir-
ulate the same, and present to the
City Council, asking that body to
subscribe fifty thousand dollars to
the building of the road. The peti-
tion was drafted and was being ex-
tensively signed by the leading citi-
zens of Richmond. If this plan suc-
ceeds, a tax of twenty-five cents
will be levied on each \$100 worth of
taxable property, for five years,
which will pay out the fifty thousand
dollars. We are glad to see this
step taken, and hope it will succeed.
The citizens of Richmond can not do
a better thing for their material
prosperity than to build this road.
Our people desire communication
with Richmond. Her manufactures
are of the utmost importance to our
farmers. But without this road we
must look in another direction.

TURNPIKES.

During the last session of the In-
diana State Legislature, we noticed
the fact that a law had been enacted
authorizing the Board of County
Commissioners to organize turnpike
or plankroad companies. At the
time we referred to the matter, we
had not examined the law, and could
not, therefore, speak of it as we de-
sired to; but since then we have ex-
amined its provisions, and we think
it is all that farmers could desire,
who wish to build turnpikes. By this
law, all persons who own real estate
within three-fourths of one mile of
the line of road must bear their part.
Before the Board doing county busi-
ness is authorized to grant such road
or authorize an organization, there
must be a petition from any number
of persons owning more than three-
fifths of the amount of the real
estate, as shown by the books of the
County Auditor, within three-fourths
of one mile on each side—giving the
starting point, terminus, distance in
miles, the high-way or route where
the road is to be constructed. Then,
if the Board deem it a road of pub-
lic utility, they shall grant the appli-
cation, after which the persons
making the application can organize
and elect officers and make such by-
laws and rules as are necessary.

A tax is assessed on the real estate
within the limits above specified, ac-
cording to value of the property, to
be collected by the County Treasur-
er, to build the road. The tax as-
sessed to be divided into three in-
stallments, to be paid in one, two
and three years from the day of filing
the estimate of the cost of the
road. Voluntary subscriptions can
be taken, which will accrue to the
benefit of tax payers in proportion
to the amount of their assessments.

We think, now, farmers will have
no right to complain of bad roads,
for here is a plan to reach all per-
sons. There have always been
complaints that a rich neighbor, who
was more interested, because he
owned more real estate than some
others, would do nothing. Now
there is an opportunity to make him
do his part, and we trust there will
be several organizations in this coun-
ty in the next month. Let it not be
said that Randolph county has no
roads. Take steps to organize im-
mediately.

HENRY S. FOOTE.

This ex-rebel Senator, now in Can-
ada, has written a letter to the Hon.
A. O. P. Nicholson, of Tennessee,
on the "situation," from which an
extract will be found in our paper
to day. Of course, we can not tell

what his motives are, but, whatever
they may be, some of the arguments
will commend themselves as worthy
of consideration. The whole letter
breathes a spirit of resignation and
a desire to accept the condition of
things brought about by the war, and
willingness to do right in the future.
The letter can be read with profit by
all those who desire to breed difficul-
ty in the Union party. Let all read
it, and see what a distinguished rebel
Senator is willing to do for the sake
of the future of the people and the
Government.
